<p>1. During recent months we have had three different letters from GEMACH, all of which were merely a diatribe against Starev and [redacted]. However, since the latest letter from GEMACH to [redacted] contains some rather interesting information which might be useful to the [redacted] case officer in the field, it is being forwarded in its entirety to you.</p> <p>2. In the letter it will be seen that GEMACH has indicated that he will not write further unless he hears from [redacted]. Unless [redacted] has overriding reasons why this contact should be continued, we feel that there exists no present interest in GEMACH or his activities and certainly not enough to maintain correspondence with him. It is felt that enough free peripheral reporting is done by other sources on emigre activities in order to give you a clear enough picture of what is going on within Bulgarian emigre circles. However, before closing the channel to GEMACH completely, it is felt that you should have a chance to comment on this proposed action.</p> <p style="text-align: right;">[redacted]</p> <p>16 May 1960</p> <p>Attachments: Letter w/enclosures</p> <p>Distribution: Orig. & 2 - CMB, Frankfurt w/att. 2 - CMB, Germany</p> <p>1 - RI/D&P 3 - EE/ER</p> <p>EE/ER, [redacted]:jag 16 May 1960</p>
